- [Commercial Sexual Exploitation-Identification Tool \(CSE-IT\)](#)

### Further Reading

- [NHTTAC SOAR eGuide](#)  
Companion to the SOAR *Online* training series; includes access to more resources
- [Dignity Health Clinical Policy and Procedure Example](#)  
Sample clinical policy and procedure document to serve as an example for organizations looking to develop their own
- [Dignity Health: Using the PEARR Tool](#)  
Step-by-step instructions and guidelines for implementing the PEARR Tool in your organization
- [Evidence-Based “CUES Intervention” to Address IPV/Human Trafficking in Primary Care Settings and Tools for Ryan White-Funded HIV Programs](#)  
Webinar that discusses the limits of disclosure-driven screening practices for IPV and offers an evidenced-based “CUES intervention” for addressing and responding to IPV in health centers
- [HEAL Protocols Committee Resources](#)  
Helps members collectively standardize evidence-based protocols for the identification, care, and referral of individuals who have experienced trafficking

For free training and technical assistance, contact [info@NHTTAC.org](mailto:info@NHTTAC.org). To learn more about how to identify and respond to trafficking, check out our [SOAR eGuide](#).

- [HEAL Trafficking and Hope for Justice’s Protocol Toolkit](#)  
Designed to help professionals working in health care settings develop a protocol to respond to potential victims of human trafficking who present to their facility
- [Human Trafficking Response Program \(HTRP\) Shared Learnings Manual](#)  
Developed from Dignity Health’s HTRP lessons learned to ensure that individuals who are experiencing trafficking are identified in health care settings and assisted with victim-centered, trauma-informed care and services
- [IPV Health Partners Partnership Building Resources](#)  
Resources for health providers and domestic violence/sexual assault programs and a sample memorandum of understanding
- [Joint Commission Quick Safety 42: Identifying Human Trafficking Victims](#)  
The Joint Commission’s guidance on identifying victims of human trafficking
- [Faces of Human Trafficking: Effective Victim Services](#)  
Video from the Office for Victims of Crime that includes information on the importance of providing victim-centered, trauma-informed services to meet the wide array of needs experienced by victims of trafficking
- [Patient-Centered Approach to Domestic Violence in Health Settings](#)  
Webinar that offers an approach that incorporates universal education and direct inquiry, as well as patient-centered brief interventions that are evidence-based and easy to implement
- [Strategies to Reduce Implicit Bias and Promote Health Equity](#)  
Offers tips and resources for improving health equity from the Institute for Healthcare Improvement

## Support Centers and Hotlines

The National Human Trafficking Training and Technical Assistance Center, or NHTTAC, provides free training and technical assistance to inform and enhance a public health response to trafficking. You can contact NHTTAC by:

- Visiting its [website](#)
- Emailing [info@nhttac.org](mailto:info@nhttac.org)
- Calling the NHTTAC Customer Support Center at 1–844–648–8822

The Customer Support Center is open Monday through Friday, 8:30 a.m. to 5:30 p.m. (eastern).

The National Human Trafficking Hotline (NHTH) is another resource available to you. It is a national anti-trafficking hotline serving people who are experiencing trafficking and the anti-trafficking community in the United States. NHTH provides:

- Comprehensive service referrals for potential victims of human trafficking
- Tip reporting to trained law enforcement, when applicable
- Data and trends on human trafficking in the United States

Anyone can call the hotline at any time. It is open 24 hours a day, 7 days a week, every day of the year. **Text HELP to 233733 (BEFREE)** or call **1–888–373–7888** to get help for potential victims of human trafficking or connect with local services.

**For free training and technical assistance, contact [info@NHTTAC.org](mailto:info@NHTTAC.org). To learn more about how to identify and respond to trafficking, check out our [SOAR eGuide](#).**
